

EXTENDED DIPLOMA IN SUPPLY CHAIN AND LOGISTICS MANAGEMENT

Awarded by _____

Who Are We?

Westford Learn is a flexible, self-paced learning platform designed to make quality education more accessible, engaging, and career-focused. Built for students, professionals, and lifelong learners, the platform combines academic excellence with the convenience of learning anytime, anywhere.

What Do We Do?

We deliver modular, outcome-driven learning experiences that help individuals gain new skills, enhance existing knowledge, and work towards recognised qualifications. Our programs are designed to support both professional development and academic progression through structured learning pathways.

How Do We Deliver Learning?

Westford Learn offers a digital learning experience through expert-led pre-recorded videos, essential readings, interactive learning resources, quizzes, and assessments. This self-paced approach allows learners to study according to their own schedules, revisit content when needed, and progress at a pace that suits their goals.

What Can You Achieve?

Learners can access a range of pathways, including short courses, micro-credentials, and diploma programs, with opportunities to build skills progressively through stackable learning modules. Supported by Westford Learn certifications and quality-assured qualifications in collaboration with Qualifications Scotland, these programs help learners develop future-ready competencies and achieve meaningful academic and career outcomes.

About the

EXTENDED DIPLOMA IN SUPPLY CHAIN AND LOGISTICS MANAGEMENT

Program Highlights

SCQF Level
Level 11

Credits
120 SCQF Credits

Duration
6-7 Months

Mode
**100% Online/
Self-paced**

The Extended Diploma in Supply Chain and Logistics Management,

delivered in collaboration with **Qualifications Scotland**, prepares learners to navigate the complexities of modern supply chains with confidence. Covering the essential principles of logistics, procurement, warehousing, transportation, and supply chain planning, the programme combines strategic concepts with practical applications. Learners develop the knowledge and decision-making skills required to optimise operations, enhance customer value, and support business growth across industries.
